L&L TRUCK PARTS CO.,LTD.

ABOUT US

Business Philosophy

L&L Automobile parts Co., Ltd sustains the most professional technology to develop high-quality products, providing customers the largest market share and the best service to creat a win-win situation.

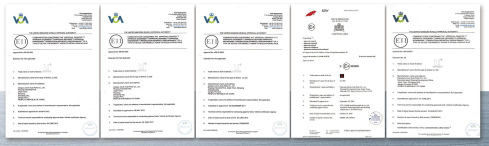

QUALITY ASSURANCE

ABOUT LONG LING

Over the years,under the leadship of chairman concentric efforts of staff, Longling has now become an Euro-Spec truck body parts aftermarket manufacturer, the chairman has reminded all employees the Business Philosophy:

Cherishing all the resources and creating sustainable operations.

We always cherish the available resources and avoid ineffective waste. All the savings will make Long Ling more competetive in the market.

Actively developing and pursuing excellence.

Our staff always follow the latest changes in the market and actively arrange product development. In order to stick to the best quality,our developing staff always tries to improve their technique and specialty. On the other hand,they have the courage and positive attitude to face difficult challenges.

LONG LING

Stabling quality and satisfying the customers.

Good and stable quality is the only way to best after-sales service. Always pay attention to the customer demands and to satisfy them is our mission.

Creating profits and taking care of employees

We believe that honest business can creat reasonable profits. With this profit we take good care of our employees metally and physically.
